

FIBERGLASS

DOOR SLABS

Specifically designed to withstand the harsh Canadian climate.

A. Fiberglass Reinforced Door Skins

- Made of high compression-moulded fiberglass to provide superior protection and durability
- Fiberglass skins won't dent or delaminate like steel
- Surfaces are easy to stain or paint, and easy to clean

B. Internal Wood Lock Block

- Full length wood and steel reinforcing to prevent thermal and moisture bow
- Accepts a full range of door locks and hardware, including multi-point

C. Deep Panel Embossing

- Deep embossed panels create beautiful shadow lines and the look of a real wood door

D. Waterproof Composite Top & Bottom Rails

- No exposed wood
- Will not absorb moisture and will not rot

E. Waterproof Composite Stiles

- Easy to machine
- Stronger screw holding capability
- Better performance than wood stiles
- Will not delaminate, warp, rot or splinter
- Sealed edges and corners
- No exposed wood

F. Warranty

- 25 year limited warranty
- Painting and staining not required for warranty

The Benefits of Fiberglass

Nan Ya products combine modern technology with functionality and style. In the past 15 years, Nan Ya has revolutionized the door industry with water resistant technology, composite door frame components and the development of the highest quality fiberglass door available today.

Made for the Canadian Climate: In the Designer Arch series, door components and assembly have been modified to meet the harsh temperature swings of the Canadian climate. Nan Ya fiberglass doors are now recognized as Canada's leading fiberglass door.

Incomparable Strength: Nan Ya fiberglass doors will not dent, rust, split, warp, swell, crack, or rot. Partnered with a Nan Ya composite frame, the door system will not allow forced entry - providing security and peace of mind. Choose our fiberglass slab for strength and durability.

Water Resistant: With no exposed wood, the Nan Ya fiberglass door does not allow for water absorption.

Guaranteed: Every door has a 25 year limited warranty. The Nan Ya fiberglass textured woodgrain is pre-pigmented and the finish will not yellow. Nan Ya fiberglass doors carry the full warranty without painting or staining.
