Upgrade to Low-E Glass

Select storm doors can be upgraded to Low-E glass. Factory-coated Low-E glass minimizes the amount of UV rays that pass through to help reduce fading. Plus, Low-E delivers exceptional energy efficiency and can increase the insulating value of an entry by 24% compared to clear glass

The Low-E Advantage

Helps keep rooms cooler in the summer by reflecting the sun's heat.

Helps keep rooms warmer in the winter by minimizing heat loss.

Look for this icon on models that offer Low-E glass options.

Platinum Collection Features

Platinum Security
Additional security with multi-point locking system. QuickFit™ handleset sold separately.

Platinum Hidden Closer
Hidden built-in closer with Click&Hold™ technology to hold the door open.

Platinum Triple Seal
Triple weatherstrip to help protect your home and entry door from harsh weather.

Platinum Pre-Hung Door
Pre-assembled for easy surface mount installation. Select L (left-hinge) or R (right-hinge) as viewed from outside.

The Fast Install
Pre-assembled for easy surface mount installation. Just place on the opening and secure with pre-attached screws.

Lifetime Limited Warranty

Aluminum Frame
Constructed with heavy-duty, low-maintenance aluminum and surrounded by a dual or heavy-duty weatherstrip for exceptional weather resistance.

Composite Surface
High-performance composite surface over solid wood core and durable weatherstrip deliver weather-resistant protection that lasts.

Too Many Keys?

Provide your own hardware so you can open your entry and security doors with the same key.

Select standard entry door hardware with a 2-3/8" backset and 2-1/8" hole diameter.

Durable Frame
Welded tubular steel frame for superior strength.

Safety & Security
Anti-removal vault pin for reinforced protection.

Reinforced Hinges
Heavy-duty 7" hinges for a secure mount.

Lock Box Location

Standard

Hardware location for Guardsman doors are figured from the top of the opening down to the center of the lever/knob which is mounted in the top hole of the lock box. Based on a standard 81" door, this measurement is 38".

Custom:

When ordering, indicated the distance from the top of there door opening to the center of the lock box. Allowable location is center of the door based on the centered ordered opening height + or - 12".

Example: Opening Height: 83"

Center of Door: 41-1/2"

Maximum Height: 53-1/2" (41-1/2" + 12" = 53-1/2")

Minimum Height: 53-1/2" (41-1/2" - 12" = 29-1/2")

Brisa 7721 Single Door

Brisa Retractable Screen Doors
