

The SoftMet pulls feature durable weather resistant black 1/4" diameter Santoprene™ grips sandwiched between metal fittings. Santoprene™ is a high performance engineered thermoplastic elastomer used for many consumer goods grip applications. The comfortable feel of this material is widely proven; even on cold exterior applications. Straight and offset pulls as well as push bars are available in all architectural finishes.

SoftMet™ with Santoprene™ grip

Straight Pull - Square End

Pull No.	Diameter	CTC
RM2510	1/4"	8", 11", 16"
