

# ULTIMATE PUSH BUTTON ASTRAGAL

The Ultimate Push Button Astragal delivers enhanced sealing power and added built-in security in a solution that's easier to use, operating with the simple push of a button.

- ▶ **Dual-Push Operation:** Each Spring-loaded Bolt automatically engages with the simple push of a button and conveniently retracts with one easy motion.
- ▶ **Enhanced Standard Security:** Each 24" bolt automatically secures the unit with a push of a button for enhanced security and peace of mind. No extra locking steps necessary.
- ▶ **Extended Sealing Power:** Spring-loaded Floating Boot, Simple Solution® Corner Pad and weatherstrip get an added boost with a full-length Sealing Fin for an extra layer of protection against air and water infiltration.
- ▶ **Easy Hardware Customization:** 4-way adjustable strike retainers feature Snap-n-Size™ functionality and can be easily removed, resized and repositioned without.

## HOW DOES IT WORK?

### PUSH BUTTON TO ENGAGE.

Each Spring-loaded Bolt is activated with an easy push of a button. The Spring-Loaded Floating Boot securely seals, independently of the bolt, against the sill fighting air and water infiltration, even in imperfect conditions.

### RETRACT WITH ONE EASY MOTION.

Each Spring-loaded Bolt retracts with one easy motion and the Spring-Loaded Floating Boot lifts clear of the sill preventing wear and damage for problem-free use of the inactive door.

## SNAP-N-SIZE™ STRIKE RETAINERS

### REMOVE.

Innovative strike retainer design allows effortless removal from the astragal. Simply snap out to remove. No extra steps required.

### RESIZE.

Built-in break lines allow easy resizing. No tools necessary.

### REPLACE & REPOSITION.

Snap the strike retainer pieces into the astragal and position as needed to meet your hardware needs.
